## 2021-22 Technology Responsible User Policy/Code of Conduct

Starting with the 2021-22 School Year, CCLCS students will be assigned to a Chromebook from the cart in their assigned academic group. The students will carry the laptops to classes during the school day. At the end of the day, students will put the laptop back into the assigned cart and plug it in so it charges overnight. **Students may not bring their Chromebook out of the building.**

- I. CCLCS students will use technology responsibly and ethically. Students will use school-owned technology and therefore will follow a code of conduct when using CCLCS devices.
