Notes to Home Week of October 18, 2021

MCAS Results - We will be mailed to parents this week. CCLCS will mail the results for our current 7th and 8th graders. Current 6th grade student will get their results from the school where they took the MCAS in 5th grade. If you have any questions or concerns, please contact the office at 774-408-7994.

Breakfast/Lunch And The Supply Chain Shortage: Due to national shortages of food and packaging materials, labor shortage and vendor delivery delays and cancellations, our menus are subject to change based on availability. Please know that our team is working hard to provide meals every day, adjust on the fly, and provide updates about menu changes as soon as possible. We may need to make quick menu substitutions based upon what we have on hand, but we are trying our best to make comparable changes wherever possible. Thank you for your continued support and patience. Please stick with us through this challenging time!

Grab and Go Lunches - Apple sauce and juice are included so there is no need to order those items separately. Also, we have noticed there has been a lot of waste with students not eating all the items offered such as the veggies and milk, and sometimes even with the breakfast or lunch itself. Please take a moment to check in with your child and adjust your order if they do not care for any of the items offered. If you have any questions or concerns, please contact Diane Titcomb at dtitcomb@cclcs.info

Picture Retake Day will be on November 3rd. If you would like your child's picture taken over, please send the original picture with your child that day. If your child was absent on the original day in September, we will have his/her picture taken on November 3rd.

School representatives and families will have the opportunity to have one-on-one conversations, share information and ask questions. We will provide a table for each participating school, and we encourage you to bring admissions materials, course listings and any other information that you think will help students and their families learn about your school and why it may be a good fit for them. If you have any questions, please contact Crash Sims at crsims@cclcs.info.

Cape Cod Regional Technical High School's Annual Tech Night is Thursday November 4th! This is a huge event and will be in person this year for all 7th and 8th grade students. The Tech will be sending out save the date cards and invitations to RSVP for the event later this month. Civics - This Wednesday, 10/20, students will participate in a mock Constitutional Convention. Students had some class time today and will have all of class time tomorrow to research their delegate and craft a short speech for the mock-convention on Wednesday. Students may choose to dress up as their delegate for class on Wednesday for extra credit, however it is not required.

8th Grade ELA - We are embarking on a two-week mini-unit on Edgar Allen Poe in ELA. Red Pencil project scores should be posted by the weekend, but I've updated Jupiter to reflect those that are missing at this time. Missing projects should be turned in ASAP!

Community Notes

The family of a new 6th grade student is seeking help with transportation. From the Bechand family: We would be so grateful to anyone who can help with transportation for our incoming sixth grader. We live in Sandwich but can get her as far as Yarmouth. Willing to pay and can potentially drive a carpool in the morning if needed. My email is: shannoncobrien@gmail.com. Thank you!
