

CCLCS 8th Grade Summer Reading

Summer is two months long, therefore your summer assignment for ELA is simple: **Read (and analyze) at least two books of your choice.** These books should be fiction, though a biography or a memoir would work as well. As you go, take notes/ annotate the text. Mark down quotes you enjoy and key moments of the plot. These notes will be important later!

When you finish reading:

- 1) **Compare/Contrast.** *The goal of this writing assignment is to provide a writing sample. Because of this, please be sure to do your best work.*

For this part of the assignment, please write three well constructed paragraphs about the two books you read. Directions for each paragraph are below. This will be submitted on the first day of class and will be graded for completion.

- 2) **Presentation.** *The goal of this presentation is to show your ability to analyze text, to introduce (or re-introduce) yourself to your classmates and teachers, and to share out book suggestions. **For this presentation you will pick ONE of your two books to focus on.***

Pick which book was your favorite. Then, using the book and your notes, pick four menu items and create Google slides. There should be a title slide followed by one question per slide. As long as we can be together in the classroom in September, you will present your slides in class for a grade. (If we are remote you will submit via Google Classroom)

Directions for Writing Sample

The first paragraph should provide a brief summary of both books. Be sure to include the title and the author of each book. The titles should be italicized.

The second paragraph should compare 2-3 similarities between both books, using text evidence to support your examples.

The third paragraph should contrast 2-3 differences between both books, using text evidence to support your examples.
